

Out of the Blue

Joe Cocker

[Chorus:]

Out of this world

Out of this mind

Out of this love for you

Out of this world

Out of the blue

Out of this love for you

Sometimes I don't know you

You're like someone else

But that's alright

I'm a stranger here myself

She don't shed a tear

When I walk out that door

She knows, she knows

I'll be coming back for more

[Chorus]

It's in the cards

It's written in the stars

It's in the wee-wee hours

In some lonely bar

She don't stay up all night

And walk the floor

She knows damn well

I'll be coming back for more

[Chorus]
