## VERSE 1

I got you all electrified  
But I'm a make you feel alright  
We're livin' on the edge tonight  
And you're about to lose your mindPRE-CHORUS  
I do it for the Rush, The High, The Vibe  
I'll take you for a ride, the time, your life  
I know you want it. Face it  
You Can Taste It  
Just one drop got you screamin' likeCHORUS  
Ooooooooooh  
So Give it up, Give it up  
Give it up, Give it upOoooooooooh  
Give it up, Give it up  
Give it up, Give it upLet's throw ours hands, up high  
And stop living a lie  
You wanna live your life  
Well let's start with tonight  
And shout it!Ooooooooooh
