Then I sit back and watch you go  
Suck up to people you wanna beOooh, but I've got it  
Oooh, that you're not it  
Oooh, and it's just a matter of time  
Before one by one, your friendsFully discover  
The real you

The real youI gotta say you're good at what you do  
Charming first impressions  
But you're not keeping everyone fooled  
Beware of their suspicionsOooh, 'cause they'll get it
