I hope all my days Will be lit by your face I hope all the years Will hold tight our promises I don't wanna be old and sleep alone An empty house is not a home I don't wanna be old and feel afraid I don't wanna be old and sleep alone An empty house is not a home I don't wanna be old and feel afraid And if I need anything at all I need a place that's hidden in the deep Where lonely angels sing you to your sleep The modern world is broken I need a place where I can make my bed A lover's lap where I can lay my head ?Cause now the room is spinning The day's beginning
