

# There You Go

P!nk

Please don't come around talking bout that you love me  
Cause that love shit just ain't for me  
And I don't wanna hear that you adore me  
And I know that all you're doing is running your mind games  
Don't you know my game beats these games  
So your best bet is to be straight with me

So you say you wanna talk, let's talk  
If you won't talk, I'll walk, yeah it's like that  
Got a new man, he's waiting out back  
Now what, what you think about that  
Now when I say I'm through, I'm through  
Basically, I'm through with you  
What ya wanna say, had to have it your way, had to play games  
Now you're begging me to stay

[Chorus]

There you go, looking pitiful  
Just because I let you go  
There you go, talking bout you want me back  
But sometimes it be's like that, so  
There you go, talking bout you miss me so, that you love me so, why I let ya go  
There you go cause your lies got old, look at you  
There you go

Please don't come around talking bout how you changed  
How you said good-bye to what's-her-name  
All it sounds like to me is new game  
And I was right when I thought I'd be much better off without you  
Had to get myself from round you, cause my life was all about you

So you say you wanna talk, I don't  
Say you wanna change, I won't  
Yeah, it's like that  
Had your chance, won't take ya back  
Now what, what ya think about that  
And when I say I'm through, I'm through  
Basically I'm through wit you  
What ya wanna say

Had to have it your way, had to play games, now you're begging me to stay

[Chorus]

Oh, don't you wish you could turn the hands of time  
Don't you wish you still were mine  
Don't you wish I'd take you back  
Don't you wish that things were simple like that, oh  
Didn't miss a good thing till it was gone  
But I knew it wouldn't be long, till you came running back  
Missing my love, there you go

[Chorus: x3]

So there you go, there you go
