Do It Again

Lower Class Brats

Let's go out & cause some trouble
Your among friends so don't be humble
Let's go live life on the edge
Not give a shit what anyone says[Chorus:]
Smash it up
Break it down
Turn it on
Spin it Around
Throw it sideways
Pull it down
Push it out
Do it againLet's go out & speak our minds
Lets lead the pack & not fall behind
We'll always stand up tall & straight
Feed off our pride & not your hate
