21 Guitar Salute

Dropkick Murphys

Ready, Aim, FireYou work all fucking week,
go out on Friday night
You're looking for some action
and you settle for a fightOkay, steady, get ready
everybody pull in the loot
We got the equalizer
it's a 21 guitar saluteIt's a 21 guitar salute, it's a 21 guitar salute
It's a...Well, I'm sitting here, Drinking my beer
And I'm waiting for the war
it's 10 o'clock on a Saturday night and I'm so fucking boredOkay, steady, get ready
everybody gets to shoot
We got a 21 gun salution
it's a 21 guitar saluteIt's a 21 guitar salute, it's a 21 guitar salute
It's a...[solo]Okay, steady, get ready
everybody pull in the loot
We got the equalizer
it's a 21 guitar saluteIt's a 21 guitar salute, it's a 21 guitar salute
It's a...I hear the sounds of marching feet in the distance
and there's a bloody revolution in the air
And I know what this looks like, but it isn't
'cause I just want to blow something up
