

# Soil's Song (Krister Linder 2012 Remix)

## Katatonia

False, the dream is so far  
Come and take the consequence  
Feel things are as certain  
Winter state oppressive waitEvacuate, assemble here  
Soil's song in your throat  
Future death in your reach  
Who's first? OkayMask your face well hidden  
Keep your last words in your hand  
Fold it and open up  
Time to go, release the glowEvacuate, assemble here  
Soil's song in your throat  
Future death in your reach  
Who's first? OkayFalse, the dream is overEvacuate, assemble here  
Soil's song in your throat  
Future death in your reach  
Who's first? OkayEvacuate, assemble here  
Soil's song in your throat  
Future death in your reach  
Who's first? OkaySort of raise  
Thank you
