

The Eternal Kansas City

Van Morrison

Excuse me, do you know the way to Kansas city?
Excuse me, do you know the way to Kansas city?
Excuse me, do you know the way to Kansas city?
Excuse me, do you know the way to Kansas city?

(Do you know the way to Kansas city?)

Excuse me, do you know the way to Kansas city?
(Do you know the way to Kansas city?)

Excuse me, do you know the way to Kansas city?
(Do you know the way to Kansas city?)

Excuse me, do you know the way to Kansas city?
(Do you know the way to Kansas city?)

Excuse me, do you know the way to Kansas city?
(Do you know the way to Kansas city?)

Excuse me, do you know the way to Kansas city?
Excuse me, do you know the way to Kansas city?
Excuse me, do you know the way to Kansas city?
Excuse me, do you know the way to Kansas city?

Train down to St. Louis

Get me there alright

Over to the city there, you know that one
Where the farmers daughter digs the farmers son

Dig your Charlie Parker

Basie and Young

Witherspoon and Jay McShann

They will come

Ooh, woo, woo

Excuse me, do you know the way to Kansas city?
Excuse me, do you know the way to Kansas city?
Excuse me, do you know the way to Kansas city?
Excuse me, do you know the way to Kansas city?

Lady liberty in waiting

You know, she lights the way

Her name is Billie, she's a holiday

And the city is eternal, hey, can't you see?

It's inside of you and it's inside of me

Ooh, woo, woo

You know, you know the way to Kansas city?
You know, you know the way to Kansas city?
You know, you know the way to Kansas city?

You know, you know the way to Kansas city?

You know the way to Kansas city

You know the way to Kansas city

Wild thing

You know the way to Kansas city

Thank you man

You know the way to Kansas city

Sing it

You know the way to Kansas city

Hit it

You know the way to Kansas city

You know the way to Kansas city

You know the way to Kansas city

You know the way to Kansas city

Baby, can't you sing it one time?

You know the way to Kansas city

You know the way to Kansas city

You know the way to Kansas city

You know the way to Kansas city

You know the way to Kansas city

You know the way to Kansas city

You know the way to Kansas city

You know the way to Kansas city
