

# hyper drive

## Special Agent Ed

Going fast makes me feel alive.  
my heartbeat's in hyper drive.  
Do you think you can win only if I lose,  
just let destiny choose.

[Chorus]

I can hear you breathin',  
I can see you comin',  
I can feel the wind it's blowin me around.  
Take a shot at me runnin' side by side,  
it's a blur... as I go by.

[Chorus 2]

I can hear you breathin',  
I can see you comin',  
I can feel the wind..... it's blowin me around.

See the sun a risin,  
Fire in the sky,  
Greatness thrusts itself into our lives.
