

Not Ready to Go (Acoustic)

The Trews

It's never ending as far as I know
But there's a doubt you feel between us both
You're grounded daily, I'm on a cloud
I float up every night as you come down I'm not ready to go
Are you unhappy or are you low?
I should be leaving but I'm not ready to go
I'm not ready to go Even if you think I'm crazy, drunk and stoned
I don't wanna be messed up alone
There's nothing wrong here
There's nothing wrong here
There's nothing wrong here
There's nothing wrong I'm not ready to go
