

Here Is the House

Depeche Mode

Here is the house where it all happens
Those tender moments under this roof
Body and soul come together as we come closer together
And as it happens it happens here in this houseAnd I feel your warmth and it feels like home
And there's someone calling on the telephone
Let's stay home it's cold outside
And I have so much to confide to you
With or without words I'll confide everythingHere is the house where it all happens
Those tender moments under this roof
Body and soul come together as we come closer together
As it happens it happens here in this houseSo we stay at home and I'm by your side
And you know what's going on inside
Inside my heart, inside this house
And I just want to let it out for youAnd I feel your warmth
And it feels like home
And I feel your warmth
And it feels like home
Home, homeHere is the house where it all happens
Those tender moments under this roof
Body and soul come together as we come closer togetherHere is the house where it all happens
And those tender moments under this roof
Body and soul come together as we come closer togetherHere is the house where it all happens
Those tender moments under this roof
Body and soul come together as we come closer together
Home, home, home
