

All You Do Is Dial

Heatwave

TV's broke, heating's out of order
Lousy day, hours don't get no shorter
Need ah laugh, to put you on your feet
And baby, I'm the one you need So get on the line, any ole time
I'm always ready to make you smile
Girl pick up the phone, if you're alone
And I'll be over in just ah while
Baby, all you do is dial
Out of cash, no food in the freezer
Been stood up, date was just ah teaser
On your own and feel like you could cry
Then baby, I'm the one to try So just get on the line, any ole time
I'm always ready to make you smile
Girl pick up the phone, if you're alone
And I'll be over in just ah while
Baby, all you do is dial Whenever you feel down and out
Just remember my phone number
Better check it out So get on the line, any ole time
I'm always ready to make you smile
Girl pick up the phone, if you're alone
And I'll be over in just ah while
Girl get on the line, any ole time
I'm always ready to make you smile
Girl pick up the phone, if you're alone
And I'll be over in just ah while
Baby, all you do is dial Repeat:

All you do is dial
