

The Miracle Song

Altar Boyz

Yo Abe

Break me off a piece of that miracle funk!John: 2

Mother Mary got invited to a wedding

Everybody's drinking, excited

When all of a sudden

The wine gave out

Mary on the QT gave JC a shout (Hey!)

Jesus said

"Woman what do I have to do with you?"

He was only there to party with his twelve member crew

But Mary was his mama so He said

"Fill up those cups with water."

And they did thinkin' it was worth a shot

Jesus said

"Take some out and give it to the waitah"

He drank it said,

"Why'd you save the good stuff for latah?"

The weddin' was a hit

and everything turned out fine

But how'd he make the water turn into wine?Christ how'd you do that?

How'd ya make it happen?

Christ how'd you do that?

How'd you make it go down?Mark: 1

Galilee was where he was

Castin' out demons and preachin' like he does

When a leper showed up

And begged the Big Man

"Make me clean! If you're willing you can!"

JC feeling sorry 'cause he knew that leprosy is

A whack disease that makes a homie go to pieces

Reached out his hand and touched him (eww)

"And I will him be cleansed"

He said

And it worked too!The man was aiight 'cause he came to my boy

Not since Second Kings had anybody heard this noise

And all He had to do was give that guy one little touch

So amazin' I wanna know so much!Christ how'd you do that?

How'd ya make it happen?

I just gotta ask Jesus Christ

How'd you do that?Matt:14
His posse's in the water
Rowin' all night
While Jesus prayed to his father
They were hellah far from shore
And the sea was wicked rough

When they saw a ghost just walkin' on the water (scary stuff!)They all cried out in fear
Thinkin' things were pretty bleak
Floating on the ocean but up a creek

"It was I"
Jesus said
"Don't be afraid"
But they had doubt
So Jesus said to Peter

"Stand up and get out o' the boat and come to me"
And Pete was walkin' like a pro
But the wind kicked up
And he was sinkin' like a stone
So back into the boat Pete n' Jesus hopped
But when they sat down

The wind just... stoppedSeein' is believin' (ooh)
Seein' is believin' (ohoooh)
Seein' is believin' (whooooa)

Seein' is believing (ooh)He coulda laid low (Seein' is believin')
In a carpenter shop
Just hammerin' away (Seein' is believin')
With the surrogate pop
But He took it to the streets
And kept it real
A lotta folk's sayin'

"This guy's the real deal!"They aksed for His help (Seein' is believin')
And He did-n't avoid 'em
Rolled up His sleeves (Seein' is believin')
And Siegfried and Roy'd 'em
no hat, no wand, no abra cadabra (Seein' is believin')
Pretty fly stuff to this

Lowly rapperBut some dude said (Seein' is believin')
"That was a long time ago"

"When's the last time He did a magic show?" (Seein' is believin')
Well if your eyes ain't shut (Seein' is believin')
And your heart ain't (iced?)
You might find yourself sayin'

Jesus...Christ how'd you do that? (nah nah nah nah nah naaah)
How'd ya make it happen?
Christ how'd you do that?

How'd you make it go down?Christ how'd you do that? (nah nah nah nah nah naaah)

How'd ya make it happen?

Christ how'd you do that?

Jesus, Jesus, Jesus, Jesus! Christ!Jesus Christ!
