

# Never Too Late

## Nocturnal Sunshine

Last night, you said you didn't know what you wanted  
Baby that's all right, I can help you see this one through  
I know you won't leave him, you think it's all wrong  
    Why don't you open your eyes  
    You're so unhappy but you keep hanging on  
    So trust me, baby and you'll see  
    It's never too late to change your mind, get out  
    And take what you need, it's never too late  
    So take your time, you just gotta believe  
One day, you'll look back and think you were crazy  
    There's no way, that's how it gets you sometimes  
Right now, you can't let him go, there's something  
    Inside you, I won't tell you, you should know  
    It's so clear, baby, I'm right here  
    It's never too late to change your mind, get out  
    And take what you need, it's never too late  
    So take your time, you just gotta believe  
    One day, you'll come running to me, it's just  
A matter of time, I'm right here where you know  
    That I'll be, so trust me and you'll see  
    It's never too late to change your mind, get out  
    And take what you need, it's never too late  
    So take your time, you just gotta believe
