

Dialogue - Jersey's Where It's At

Belle and Sebastian

This is a great school. I don't care what anybody says. I mean it's not perfect, but like the people are really cool. Like the teachers and kids. They really care and all. And I know that they make fun of New Jersey all the time, but I don't care. 'Cause they're just snubs. 'Cause Jersey is where America's at! Yeah!
