

The False Alarms

Fol Chen

Awake and push your pain away
Gone 15 hours and a day
Iâ€™ll say whatever makes you stay
Forget how many and how far
Weâ€™re miles past the cruelest part
Iâ€™ll finish it all if you start.

Oh-oooh,
Oh-oooh,
Oooh,
Oh-oooh,
Oh-oooh,
Oooh,

And they have a mind how to make it take

The minute youâ€™re dropped in her mind
Youâ€™ve fallen down not far behind
Iâ€™ll make your sickness be your part.
Youâ€™ll steal a kiss that no one wants
A ghost without a house to haunt
Keep me until the lights are gone.

Oh-oooh,
Oh-oooh,
Oooh,

And they have a mind how to make it take

Oh-oooh,
Oh-oooh,
Oooh,

And they have a mind how to make it take
