

Forever You Are God

Niles Bess

From everlasting, to everlasting
Forever You are God

You can ask Moses, there's nobody greater
You can ask David, there's nobody greater
You can Daniel, there's nobody greater
There's nobody greater than you

From everlasting, to everlasting
Forever You are God

You can Job, there's nobody greater
The woman at the well, she was made whole
And even Abraham can be a witness
There's nobody greater than you

From everlasting, to everlasting
Forever You are God
