

Down We Fall

Drake Bell

You were so clever
You kept it together today
By the way
I'll no longer ignore you
I wanted to show you again, I'm your friend
Sometimes we just pretend And all I can say is you saved me
Chased all the things that have made me
Entertaining thoughts are raining
Down we fall
It's all okay
When I say you and I
Take your time
I can't wait to see you fly You don't have to wander
I've finally discovered tonight
Where we're at
This is just the beginning
It's all that I'm trying to say
If I may
You're never in my way And all I can say is you saved me
Chased all the things that have made me
Entertaining thoughts are raining
Down we fall
It's all okay when I say you and I
Take your time
I can't wait to see you fly And all I can say is you save me
Chased all the things that have made me
Entertaining thoughts are raining
Down we fall
Entertaining thoughts are raining
Down we fall
Entertaining thoughts are raining
Down we fall
(And all I can say is you saved me)
Entertaining thoughts are raining
Down we fall
(Chased all the things that have made me) [x8]
Entertaining thoughts are raining
Down we fall
(Chased all the things that have made me)
