

# Welcome To My World

## Princess Superstar

I'm the chick who drops sick flows fill bowls with ill flows  
Ill ho hell Knows pantyhose holes full of no doz  
Make your earholes shit pop six Pep Bysmol sick abysmal  
Bitch suckin' dildos instead of dicks for kicks  
No time for fake bitches  
Just sip some orange juice with my real bitches  
And I just got three wishes I ain't askin' for world peace  
I want Range Rovers in three different colors  
Genie gimme the damn keys  
Dead wrong like a dead sticker on a bong bombs runnin' arms  
And rayguns with Ron Reagan to Vietnam and Iran  
I'm blonde and dumb, I just taped over your demo with my song  
Gagged Cisco with his thong  
I ain't kiddin' I'm filled with lil pills of Ritalin riddle middle men  
To rob Bailey and Biddle again tell a friend  
I use men like Mennen in my armpit, I'm bad I can't stop it  
Evil twin count as two in your caucus tell Murdoch lemme in his office  
I'm a steal the carpet then Fox and then Rawkus, voted for Dukakis  
And I like Secaucus  
'Cuz they got the word cock in it  
Welcome to my world, such a nice nice nice girl  
Welcome to my world  
Welcome to my world, such a nice nice nice girl  
Welcome to my world  
Of course I'm getting lost ran into Kate Moss  
Fed her a nine course full of chopped horse and forced her to toss  
10 times divorced I speak in Morse, dot, dot, dash, dot dash  
(Huh?)  
I just told you had an ugly ass  
Type rash unabashed crass with a brain rash  
Strapped for cash take me to your trailer I'll steal your trash  
Ask me a question, I love to lie, hey look girl is that Jimi Hendrix?  
'Scuse me while I kiss your guy  
Everyone tells me I'm the female Eminem  
Well, all I'm gonna talk about is getting fucked up the ass then  
Don't be mad 'em I'm just playin'  
I wish I had a Dr. Dre  
And sold out shows one million white faces in Dayton  
Ritzes stead of Days Inn bitches for maids then

2 scoops of raisins amazin' lays by names like Casey Kasem  
Lazin' by the pool with record industry fools  
Crystal in my drool, man that'd be cool, I'm like, whoa  
Welcome to my world, such a nice nice nice girl  
welcome to my world  
Welcome to my world, such a nice nice nice girl  
Welcome to my world  
Okay, let me answer the question  
Of the day, I was born in Spanish Harlem then moved to PA  
On 172 and St. Nich. food stamps  
And WIC 'til my folks worked themselves rich  
(This track's making me sick)  
If you want to compare me  
Like white Lil' Kim female Kool Keith  
I'm speak and keep it simple  
Here's your brain on Princess Superstar pretty mental  
Okay , I'm the Black Shirley Temple  
Iced out like Entenmanns iced pens and diamond engines and denims  
Got 10 Yemins countin' Benjamins with Lettermans  
Killin' Pac mens like Inky and Binky  
When ya stick your finger in me  
It'll be sticky come out with a diamond ring on your pinky  
Work six different angles, nicer tits than all the Bangles  
Got Kangols singin' Star Spangles, oh say can you see  
I'm better lookin' than the flag you can sing that shit to me  
(I'm gonna get in big trouble Louise)  
I'm taking a stance spend my big advance on a 500 man lap dance  
Put ants in Bagger Vance's baggy pants  
Sir come dance it's just my circumstance  
I wanna watch him do the safety dance  
I'd do it myself but I can't  
Or I'll just give my dough to my new label  
For nice dinners and liquor  
I'm playin' but, um next year that advance needs to be bigger  
[Incomprhensible]Welcome to my world, such a nice nice nice girl  
Welcome to my world  
Welcome to my world, such a nice nice nice girl  
Welcome to my world
