

# Creepy

## Milosh

What if I had nothing left?  
What if I had no one left?  
Why would I...  
Who would I survive?  
Dead man, he leaves his home  
Hopeless, he holds his goals higher, higher, low  
I just wanted to see you wake up one day  
With a real smile on your face  
What if you felt certainty?  
Granted trust when you were young  
Why would you...  
How would you let go?  
I just wanted to see you wake up one day  
With an expectation  
I just wanted to see you wake up one day  
With a real smile on your face
