

Sex and Violence (Demo)

Carnivore

Money wrench in my hand
in my groin a swollen gland
tonight perform brain surgery
or some gynecology
clockwork orange fast becoming
rampant street gangs overrunning
after darkness raging war
what do they keep living for?

Sex and Violence

I love to hear you scream in vain
splattered blood and semen stains
rape and murder lesson learned
meaning of life? - Pain and sperm
prey upon the old and helpless
reconditioning is useless
ultra-violent offsprings of gore
what do they keep living for?

Sex and Violence

If you can't eat it or fuck it...
then kill it!

Sexual deviation

Religious desecration

Civil mutilation

Violent procreation

Bleed for me
