

# The Next Untouchable

## Cajun Dance Party

I can't believe, I can't deny  
I can't conceive what's in your eyes  
Another mistake, another regret  
Another unwanted cigarette And do you really like me?  
Because one and one and one, makes three  
If you don't hear me, then why should I hear you? I can't walk away  
All I can do is say "Better luck next time" The next untouchable  
Feel her, move her, believe her, see her And then it comes, I don't know what to do  
Do I feel it pure, or is that just you? She said again, she said again, she said again  
She said again, she said again, she said again  
She said again, she said again, she said again And do you really like me?  
Because one and one and one, makes three  
If you don't hear me, then why should I hear you? I can't walk away  
All I can do is say "Better luck next time" The next untouchable  
Feel her, move her, believe her, see her Forget her, forget her, forget her
