

Just Got Back From Baby's

ZZ Top

Now, I am just got back from baby's
We've been rollin' all night long
Now, I am just got back from baby's
We've been rollin' all night long She come on likes and loves me
But I feel like somethin' wrong
Now, sometime I go see baby
And sometimes she come see me I said, "Sometime I go see baby"
And sometimes baby come see me
I got a funny, funny feelin'
I'm not the only man she sees, mmm mmm Now, I just got back from baby's
A big white house on the hill
I said, "I just got back from baby's"
A big white house on the hill
If her lovin' don't get me
I know her husband will
