

You Give Me Wings

Hady Mirza

Sometimes its hard just to be yourself
I know you know
So close to tears wanting to give up
I felt all alone.....But now youre here right by my side
And I just want you to know You give me wings when Im falling
You lift me up when Im down
Taking me high touching the sky
Yeah,you make me fly...Now I am stronger than I was before
Because of you
I feel so alive and Im wanting more
I cant believe it's true
and now you're here,right by my side
Dont ever let me go.....You give me wings when Im falling
You lift me up when Im down
Taking me high touching the sky
yeah,you make me fly...Ooo baby, woah woah
Come fly away with me.....You give me wings when Im falling
Thats why Im saying to you
Whoa...You give me wings when Im falling
When I'm falling
You lift me up when Im down
When I'm down
Taking me high
taking me high
Touching the sky
touching the sky
yeah,you make me
You make me fly.....You give me wings when I'm falling
Whooa yeah
You lift me up when I'm down
When I'm down
Taking me high
Taking me high
Touching the sky
Touching the sky
yeah,you make me
You make me fly.....you give me wings
