Trying

Julian Marley

I'm trying, can't you overstand ?
I'm trying, to be a better man
Trying, can't you overstand ?
Creation is all in our hands (eey)
You could try if you want to
We will make it some day
Never you accept failure
Said bitty doesn't pay
We trying, can't you overstand ?
I'm trying, to be a better man.
Trying can't you overstand ?
Creation is all our hands (eey)
Everyday people are slaved
Standards of living has decayed
dont even want to be called out
so much more
I'm trying, can't you overstand ?
Revelation is all in our hands.
I'm trying can't you over-sta-a-and
Put away all distracitons
Then step from troudy open gate
In African choises
You've got to keep a little fate.Keep on trying,
keep on trying,
keep on trying,
keep on trying,
keep on trying
keep on trying
