Look at me Im standing tall
She knows how to keep it up
We just left the club
So you know we both drunk as fuck
30 min in second wind
Call it cardio
I go up and down round and round Super Mario!
Oh wee ohh wee she busting like a uzzy
Im riding that Suzuki
She wetting such a jacuzzi
Call it in, Code 10
Get ready for the water flow
Number 16 tear it upWhat can I say?
Aint no easy way to say this
And I dont know if you can handle it
But Im thinking about taking it
Cuz thats the only way you aint get it
You lay around with them Boyz up town
And I've been thinking about it all day long
And that two think I cant handle it
But Im think I might end up taking itIm thinking about it, then by receiving
She can get it right back up, just give her a reason
Any given season winter, spring, summer, fall
I came to see the show baby gon and make the water fall
She know Im the one to call when she want that good shit
