The Bar Song

Joe Iconis

It's about that time
When normal people quit
It's unsurprising I'm
Not quite set to split
I know we had a plan
This would be an early night
But any sensible man
Would know I'd put up a fight
Stay here for a while
â€˜Cause it's nice
â€˜Cause it's holy
Laugh and drink and smile
Give advice
Take it slowly
Life goes by so fast
But it's still
You're with me here
Let this moment last
Say you will
Always be here
For one more
Hiding from the cold
Since the night began
Lord, we're getting old
So let's hide out while we can
You're safe with me, my friend
To you I'd tip my hat
If you can comprehend
The sanctity of that
Stay here for a while
â€˜Cause it's nice
â€˜Cause it's holy
Laugh and drink and smile
Give advice
Take it slowly
Life goes by so fast
But it's still
You're with me here
Let this moment last

Say you will
Always be here
For one more
We've gotten to the part
Where the words don't work so hot
Shootin' from the heart
But we're all a lousy shot
Boycott speaking in the future tense
We've out of
Just allowed a
Here and now
â€˜Cause it makes sense
They're the final call
And look, the bill is paid
Now, I don't have much at all
But this family that we've made
And that is all we need
To feel our blood ignite
Safe journey, friend, Godspeed
See you again tomorrow night
Stay here for a while
â€˜Cause it's nice
â€˜Cause it's holy
Laugh and drink and smile
Give advice
Take it slowly
Life goes by so fast
But it's still
You're with me here
Let this moment last
Say you will
Always be here
For one more
For one
For one
For one
For one more
Ooo
