Unity (Matisse & Sadko Remix)

Shinedown

I found a note with your name
And a picture of us
Even though it was framed
And covered in dust
It's the map in my mind that sends me on my wayThey say it's never too late
To stop being afraid
And there is no one else here
So why should I wait?
And in the blink of an eye the past begins to fadeSo have you ever been caught in a sea of despair?
And your moment of truth
Is the day that you say "I'm not scared"Put your hands in the air
If you hear me out there
I've been looking for you day and night
Shine a light in the dark
Let me see where you are
'Cause I'm not gonna leave you behindIf I told you that you're not alone
And I show you this is where you belong
Put your hands in the air
One more timeI've seen a million miles
Met a million faces
Took all I knew
To reach all these places
And I'd do it again
If it brings me back to youSo have you ever been caught in a sea of despair?
And your moment of truth
Is the day that you say "I'm not scared"Put your hands in the air
If you hear me out there
I've been looking for you day and night
Shine a light in the dark
Let me see where you are
'Cause I'm not gonna leave you behindIf I told you that you're not alone
And I show you this is where you belong
Put your hands in the air
One more timePut your hands in the airPut your hands in the air
If you hear me out there
I've been looking for you day and night
Shine a light in the dark
Let me see where you are
'Cause I'm not gonna leave you behindIf I told you that you're not alone

And I show you this is where you belong
Put your hands in the air
One more time
Put your hands in the air
One more time
