

# Expecting More From Ratty

## Scooter

We still represent, represent Well, I can't change, I just wanna do it  
On the microphone just get into it  
Come on tonight from left to right  
Everybody now get ready for the night Tough like steel and dangerous  
We gonna rock the house, it's still like this  
No time to chill so keep on moving  
Get into the place, MC is grooving Tough like steel and dangerous  
We gonna rock the house, it's still like this  
No time to chill so keep on moving  
Get into the place, MC is grooving Expecting more from Ratty  
Expecting more from Ratty  
Expecting more from Ratty  
Expecting more As a matter of fact in '92  
I can't explain, it's up to you  
You know what I mean, it's a freaky scene  
And things have changed a lot in between So come on tonight and let them go  
For those about who left the show  
I recommend to join the case  
The last call to rock the place So come on tonight and let them go  
For those about who left the show  
I recommend to join the case  
The last call to rock the place Expecting more from Ratty  
Expecting more from Ratty  
Expecting more from Ratty  
Expecting more We still represent, represent
