

# All the Way

## Lonestar

Hey, we're walkin' through this together  
And I'm holdin' onto you  
Nothin' can separate this little twist of fate  
You're the one my heart belongs to Nothin's quite as sweet as the journey  
So, let's go around the world  
Takin' in everything no matter what life brings  
We're gonna be chasin' forever All the way to the end all my life and back again  
Every day I'll be here loving you all through the years  
And it's true there's so much freedom in knowin'  
How sure we are that we're goin', all the way People ask me, "Think ya'll can make it"  
And I tell them honestly  
This ain't no fleeting thing we're not imagining  
This is it, we know it's meant to be 'Cause I love you, love you completely  
I've never felt like this I don't want nothin' but  
Something that's passionate  
'Cause the only way I know how to love is All the way to the end all my life and back again  
Every day I'll be here loving you all through the years  
And it's true there's so much freedom in knowin'  
How sure we are that we're goin', all the way, hoo all the way There's so much freedom in knowin'  
How sure we are that we're goin' all the way  
All the way, hoo all the way, all the way
