

The daily planet

Mark Hollis

In the morning we arise and
Start the day the same old way
As yesterday the day before and
For in all it's just a day like
All the rest so do your best with
Chewing gum and it is oh so
Repetitious, waiting on the sun
Down on Go-stop Boulevard it
Never fails to bring me down
The sirens and the accidents and
For a laugh there's plastic Nancy
She's real fancy with her children
They'll go far, she buys them toys to
Keep in practice, waiting on the war
I feel shivers in my spine
When the iceman, yes his ice is melting
Won't be there on time
Hope he finds a rhyme for his little mind
I can see you with no hands
(Face)
Eyes I need you, you're my heart
(Face)
Look we're going 'round and 'round
