Shine a Light

Beady Eye

Slow, let it vine through the past, space and time
There you'll see what's inside, you're the Sun, you're the light
See the man of the cloth, got it wrong from the off
Out of line, out of reach, me and you born to seeShine a light (shine a la-la, shine a light)
Shine a light (shine a la-la, shine a light)Rising fast on my feet, let me breathe, let me speak
I'm at home, I'm alive, both in veins above the size
Crystalline in the dark, all you see is the spark
All you feel, you don't speak, me and you born to see
Shine a light (shine a la-la, shine a light)
Shine a light (shine a la-la, shine a light)And sure enough, weeping your love
I'm seeing the look in your eyesShine a light (shine a la-la, shine a light)
(Shine a la-la, shine a light)
Come on, shine a light (shine a la-la, shine a light)
(Shine a la-la, shine a light)
Come on shine a light, come on shine a light
Come on shine a light, come on shine a light
Universalise, la-alise, shine a light, la-alise
Universalise, la-alise, oh-alise
Universalise, la-alise, ah-alise, univers-alise
