

# Be Right There

## MattyB

If you need me just say yo  
can I see you, I'll say fa sho  
I'mma be right there, I'm be right there  
If you need me you can call  
I won't hesitate at all  
I'mma be right there, I'm be be be Be with the homies just chillin after school  
if your home feelin' you can come chill too  
If your homes like the only place you wanna be now  
You can tell me to come over and you know I'll be in down like Can I be the one who's there when you need  
them most  
Can I be the person you can count on when your feeling your worst  
Can I be the one who keeps you laughing 'till your face is sore  
Gotta stop to breath cause we're rolling on the floor I'mma be there in a minute, I'mma be there in a flash  
I'mma run to you my fastest like a 50 yard dash If you need me just say yo  
can I see you, I'll say fa sho  
I'mma be right there, I'm be right there  
If you need me you can call  
I won't hesitate at all  
I'mma be right there, I'm be be be  
right they-ee-air, ey-ee-air, ey-ee-air, ee-ee-ee-air  
right they-ee-air, ey-ee-air, I'll be right they-ee-air If you ever need a sholder to cry on  
well you can cry on mine like anytime you want  
Or if you need a place to stay  
Well just consider my house like a second home fa sho! Can I be the one who's there when you need them most  
Can I be the person you can count on when your feeling your worst  
Can I be the one that keeps you laughing 'till your face is sore  
Gotta stop to breath cause we're rolling on the floor I'mma be there in a second, I'mma be there on the dot  
I'mma ride my bike so fast, I might get stopped by the cops! If you need me just say yo  
can I see you, I'll say fa sho  
I'mma be right there, I'm be right there  
If you need me you can call  
I won't hesitate at all  
I'mma be right there, I'm be be be  
right they-ee-air, ey-ee-air, ey-ee-air, ee-ee-ee-air  
right they-ee-air, ey-ee-air, I'll be right they-ee-air I could keep it on the low  
tell me all your secrets  
I won't let nobody know  
if you wanna call me and talk  
Give me twenty minutes I'mma meet ya at the park

Cause I can keep it on the low  
Tell me all your dreams ain't nobody gotta know  
so put your hands up high  
This is how it feels to have a friend for life If you need me just say yo  
can I see you, I'll say fa sho  
I'mma be right there, I'm be right there  
If you need me you can call  
I won't hesitate at all  
I'mma be right there, I'm be be be  
right they-ee-air, ey-ee-air, ey-ee-air, ee-ee-ee-air  
right they-ee-air, ey-ee-air, I'll be right they-ee-air  
right they-ee-air, ey-ee-air, ey-ee-air, ee-ee-ee-air  
right they-ee-air, ey-ee-air, I'll be right they-ee-air
