

Holy Water

Soundgarden

Holy water on the brain and Im losing sleep
Holy Bible on the night stand next to me
As Im raped by another monkey circus freak
Trying to take my indigence away from me, from me Yeah, holy water is rusting me
Yeah, holy water is rusting me, is rusting me
Rusting me Bloody murder is the best, Ive heard her scream
Holy devil in the flesh, some might believe
And they take thine majesty so seriously
'Cause its the big lies are more likely to be believed Yeah, holy water is rusting me
Yeah, holy water is rusting me, is rusting me
Rusting me, yeah Damn the water if its life, you want to drink
Mind your mother if it makes you feel at ease
As youre raped by another monkey circus freak
'Cause its the big lies are more likely to be believed Yeah, holy water is rusting me
Yeah, holy water is rusting me
Yeah, holy water is rusting me, is rusting me
Rusting me Rusting me
Rusting me, yeah
Rusting me
