

# Save This One for Me

[Rick Trevino](#)

It was gettin' late and I was gettin' hungry  
That's exactly how I found her  
I wasn't lookin' for her  
But how could I ignore her  
There wasn't no way around her She was singin' like she just got saved  
And wavin' her hands toward heaven  
I saw the light that night as I was  
A-comin' out the door of the Seven-Eleven  
With a bag of chips and some bean dip  
Down in Memphis, Tennessee  
And I said, "Good Lord, if you're gonna save this one  
Save this one for me." She was so good lookin' and I just stood there lookin'  
Oh, I guess it must a been five minutes  
I hollered, "Halleluja, the Lord has sent me to ya  
Cause my life could use an angel it." Oh, she was singin' like she just got saved  
And wavin' her hands toward heaven  
I saw the light that night as I was  
A-comin' out the door of the Seven-Eleven  
With a bag of chips and some bean dip  
Down in Memphis, Tennessee  
And I said, "Good Lord, if you're gonna save this one  
Save this one for me." She was singin' like she just got saved  
And wavin' her hands toward heaven  
I saw the light that night as I was  
A-comin' out the door of the Seven-Eleven  
With a bag of chips and some bean dip  
Down in Memphis, Tennessee  
And I said, "Good Lord, if you're gonna save this one  
Save this one for me." I said, "Good Lord, if you're gonna save this one  
Save this one for me."
