

Fly With Me

98 Degrees

So won't you fly with me
I wanna make you feel alright, alright with me
Let me mend your broken wings and set you free
Girl it's alright, girl, can't you see Let me take you to a place
That you've never seen, never been, only dreamed
Where I can take away all of your pain Girl, I promise that you'll never hurt again, yeah
And I can make you feel, the world belongs to you
You're the one all I need and you know that it's true So won't you fly with me
I wanna make you feel alright, alright with me
Let me mend your broken wings and set you free
Girl it's alright, girl, can't you see Let me turn your night to day
Let me be the one to bring innocence
I know it must be hard for you to see things clear But, baby, you've got nothing to fear, oh no
Together we can touch the moon and kiss the sky
Make you feel how I feel when I look in your eyes, oh yeah So won't you fly with me
I wanna make you feel alright, alright with me
Let me mend your broken wings and set you free
Girl it's alright, girl, can't you see So won't you fly with me
I wanna make you feel alright, alright with me
Let me mend your broken wings and set you free
Girl it's alright, girl, can't you see All I need in my life is you at my side, girl
Let me be the one to hold you close
Your hand in mine, girl, and together we'll fly So won't you fly with me
I wanna make you feel alright, alright with me
Let me mend your broken wings and set you free
Girl it's alright, girl, can't you see So won't you fly with me
I wanna make you feel alright, alright with me
Let me mend your broken wings and set you free
Girl it's alright, girl, can't you see So won't you fly with me
I wanna make you feel alright, alright with me
Let me mend your broken wings and set you free
Girl it's alright, girl, can't you see So won't you fly with me
I wanna make you feel alright, alright with me
Let me mend your broken wings and set you free
Girl it's alright
