

About he made war with the sun  
E equals MC squared, you can't relate  
How we made God with our hands  
All nations are rising  
Through acid bells of love and hate  
Chain medals of Satan  
Uncertainty led us all to this  
All nations are raising  
Through acid bells of love and hate  
Confusion and fury  
This body carried 'em down in vain  
I was preaching of a small prey  
In the bunkers, where we'll die  
We're the executioners that lie  
Bombers launched with no recall  
Minute warning of the missile fall  
Take a look at your last day  
Guessing you won't have the time to cry  
Out of the the universe  
A strange light was born  
Unholy union, Trinity reformed  
Out of the darkness  
Out of the darkness  
Out of the darkness  
Brighter than a thousands suns  
Out of the darkness  
Brighter than a thousand suns  
Out of the darkness  
Brighter than a thousand suns  
Out of the darkness  
Brighter than a thousand suns  
Out of the darkness  
Brighter than a thousand suns  
Out of the darkness  
Brighter than a thousand suns  
Holy Father, we have sinned
