

# Not Ready To Lose (feat. Gary Burr)

[Dianna Corcoran](#)

The best days are the hardest days  
The strongest people fight their way to the finish line  
Pressure has a funny way  
Of leaning on their stones until their diamond shines  
Oh oh I'm gonna shine  
I could wave a white flag and surrender  
I could give up and say that I'm through  
And in my moments of weakness  
That's something I am tempted to do  
I might be ready to bend a little  
Might be ready to break just a little  
But I'm not ready to lose When heartaches knocking at your door  
And you wonder what are prayers for in the dead of night  
The time for toughen up your skin  
Can teach a heart that it can win the toughest fight  
Oh I'm gonna fight  
I could wave a white flag and surrender  
I could give up and say that I'm through  
And in my moments of weakness  
That's something I am tempted to do  
I might be ready to bend a little  
Might be ready to break just a little  
But I'm not ready to lose So the phone can ring  
And will bring you news that will change your life  
Maybe someone that you love maybe gone in the blink of an eye  
That's when you realize  
You could wave a white flag and surrender  
You could give up and say that I'm through  
And in my moments of weakness  
That's something I am tempted to do  
I might be ready to bend a little  
Might be ready to break just a little  
But I'm not ready to lose No, I'm not ready to lose (oh oh oh)
