

Afterburner

Havok

Ready to rage like you're trapped in a cage
Living for the shred until you're dead
Amps all turned up to eleven
Bang your head it's metal heaven(Go) Entering a world of speed
Can't get a hold of me
'Cause the metal sets me freeFeet are falling backward
Smashing in the teeth
Get into the pit
Make a violent scene
For those who don't know
Tell 'em where to go
Throw them in the afterburner
Rumbling your gut
Like a machine gun to your ears
Louder, louder
As the crowd begins to cheerWhen the hell did
Karate in the pit
Make people think
Think they're the shit?BurnSmashing your face
Tearing the place
Down to the ground
Breaking your bones
Those who don't know
Tell 'em where to goSolo - Sanchez
