

# No Big 'Ting

David Lee Roth

Can't seem to sew a single hole  
In my pocket, Lord, I've tried  
Yeah, money talks, I should know  
Mine always says, goodbye And I know that money can't buy love  
I've parked my speedboat next to some  
This jungleness bad boy sufferer  
Yes, I have Price of an education  
'Least now I know  
It's no big t'ing  
No big t'ing Time for these boot heels to be wanderin'  
Towards those burnin' sands  
A genetical testimony  
That white boys simply cannot dance Can't let that little stuff trip you up  
I'll take the fattest chance  
Now I've got the answer  
To a question no one asked So, here's two rules, I got for you  
Great ones for livin' under  
First, don't sweat the little shit  
Second is, there ain't no other Tattoos, scars and missin' parts  
And all the rich have ever proven  
Is they are to life  
What American Bandstand is  
To the theory of evolution Price of an education  
'Least now I know  
It's no big t'ing  
No big t'ing Who needs the aggravation  
It all adds up  
To no big t'ing  
No big t'ing Stamps in my passport  
Now they're Polaroids and drinkin' stories  
And I've got some good ones  
Now it's gettin' harder to ignore me Now I'm believin' half the reason  
Just for leavin' is comin' home  
What'd you see and who'd you do  
What you done? I'll be loungin' on the Rivera  
Rivera couch that is  
When you're surfen' 40 footers  
You don't need no tricks Future's lookin' brighter  
Every beer that I pour in me

Even this I have to say  
With absolute uncertainty Too much exasperation  
'Least now I know  
It's no big t'ing  
No big t'ing Price of an education  
'Least now I know  
It's no big t'ing  
No big t'ing No big t'ing, no big t'ing They finally tore  
The old schoolhouse down  
Forever gone my history  
Yeah, what used to be And now when I go drivin' by  
And point where I  
Used to go to school  
I'm pointin' at an A&P All I'm leavin' when it's time to go  
Is my old blue jeans, an' gold  
Brass Zippo, teach in turn  
All these secret things I've learned And all I got from history  
And careful how you take it  
Is recognize the same mistake  
Every time you make it Price of an education  
'Least now I know  
It's no big t'ing  
No big t'ing Who needs the aggravation  
It all adds up  
To no big t'ing  
No big t'ing
