Carousel

Cassy London

~Carousel~ by: Cassy London

{VERSE 1}
Blurring eyes, heavy days.
Running circles around my brain.
Left my heart out of shape.
Silver blood runs in a strange way.

This is how it feels to love you.

Tangled in your spiderweb.
Can't get out, I'm in too deep.
Like a rollercoaster ride with you.
Up and down, I'm so confused.

This is how it feels to love you.
This is how it feels to love you.

{Chorus}
This is how it feels to love you!
Gunshots scars and wounds!
But somehow, you break through!

This is how it feels to hate on you!
Every time I try to run, every road,
Takes me back, To you!

~Like a carousel!
Round and round we go like a carousel! (Ooo)
Like a carousel!
Words still around me like a carsousel! (Ooo)~
~x2~

{Verse 2}
Sugar coat every line.
Run from the truth, swallow my pride.
Like a bitter pill I gotta take,
Turning into a serious mistake!

This is how it feels to hate on you.

This is how it feels to hate on you!
Oh oooh!

{Chorus}
This is how it feels to love you!
Gunshots scars and wounds!
But somehow, you break through!

This is how it feels to hate on you!
Every time I try to run, every road,
Takes me back, To you!

Oh no

~Like a carousel!
Round and round we go like a carousel! (Ooo)
Like a carousel!
Words still around me like a carsousel! (Ooo)~
~x2~

{Bridge}
They give you once. They give you twice.
How many times can I compromise.
Spinning and circling, twisting and turning.
For you.

Swimming right up against the tide.
I could count the winds so wide.
Spinning and circling, begging and burning.
For you.

-This is how it feels-
-To hate you-

{Chorus}
This is how it feels to love you!
Gunshots scars and wounds!
But somehow, you break through!

This is how it feels to hate on you!
Every time I try to run, every road,
Takes me back, To you!

~Like a carousel!
Round and round we go like a carousel! (Ooo)
Like a carousel!

Words still around me like a carsousel! (Ooo)~
~x2~

Carousel!
