Sense Field

Take the fire escape from summer
And I will see you again
Someday, will you save a seat for me?
Say hello to everyoneI'm hearing music
Coming from upstairs
I'm hearing music
Coming from upstairsIt's so beautiful
It's coming from upstairs
I'm hearing music
Coming from upstairsI'm hearing music
Coming from upstairs
So beautiful
It's coming from upstairsAnd I do not like goodbyes
Develop my picture of how it feels
I will see you again
Someday and I will be leaving soon
Lay the icons around the roomHearing music
Coming from upstairs
I'm hearing music
Coming from upstairsYes
Coming from upstairs
I'm hearing music
Coming from upstairsI'm hearing music
Coming from upstairsI'm looking back almost a century
I hear the music come alive
Looking forward to simple rest, yeah, yeahTake the fire escape from summer
I will see you again someday soon
Will you save a seat for me?
Say hello to everyoneI will be leaving soon
Lay the icons around the room
