High Lonesome Sound

Vince Gill

Whenever my soul is lonely
Whenever I'm feeling blue
I start thinkin' 'bout my blue eyed darlin'
And my heart starts pinin' for youI wanna hear that high lonesome sound
'Cause my sweet baby ain't around
When my life's got me down
I wanna hear that high lonesome soundWhen I'm lost in this ocean of darkness

Not knowing which way I should turn

And my eyes are filled with sadness

Of knowing you'll never returnI wanna hear that high lonesome sound

'Cause my sweet baby ain't around

When my life's got me down

I wanna hear that high lonesome soundI wanna hear that high lonesome sound 'Cause my sweet baby ain't around

When my life's got me down

I wanna hear that high lonesome soundI wanna hear that high lonesome sound
'Cause my sweet baby ain't around
When my life's got me down

I wanna hear that high lonesome sound
