Ugly

Sinnergod

Oh look.. it's fucking ugly
I see you always watching me
Standing all alone, I'm feeling overthrown
Goddamn you're fucking ugly, don't ever look at me that way
I'm feeling so aloneWhen I'm up you take me down
You make me hide when your around
I try and get away
I wish all my friends could see me now, a losing racei'm slowing down
I try to get awayNow who's the one that's ugly?
I promised id be back some day
Standing all alone you're feeling overthrown
Goddamn you're fucking ugly, don't ever look at me that way
You're felling so aloneWhen I'm up, and you are you down
Il make you hide when I'm around
You try and get away
I wish all you're friends could see you now
A fall from grace on solid ground
You try to get awayI see you laughing, we'll see who winsAnd when we're up, we'll all fall down
No need to hide when you're aroundforever and a day
With all my friends upon my side, we'll stand our ground
The reason why we'll never run away is because..We're all just beautiful
