

# Kickin' Incredibly Dope Shit (Intro)

[Mac Miller](#)

When you're young, how much matters  
When you find something that you care about  
That's all you got, When you go to sleep at night you dreams of music  
Music, Is what I loved, Take that away from me and I really got nothing  
Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
