## At Last

## Serena Ryder

At last

My love has come along
My lonely days are over
And life is like a songOh yeah yeah, at last
The skies above are blue

My heart was wrapped up in clover
The night I looked at youI found a dream that I could speak to

A dream that I can call my own

I found a thrill to press my cheek to

A thrill that I have never known, oh yeah yeahYou smiled, you smiled

And then the spell was cast

And here we are in heaven

For you are mine at lastI found a dream that I could speak to

A dream that I can call my own

I found a thrill to press my cheek to

A thrill that I have never known, oh yeahYou smiled you smiled

And then the spell was cast
And here we are in heaven
For you are mine at lastAt last

At last
