

# Dreaming

## Dead By April

It's a new day  
Something feels strange  
I'm walking in the clouds  
I'm almost touching the stars  
Anything is possible, imaginable  
Am I dreaming?  
All normal things start to change  
Can feel no gravity  
I step outside the atmosphere  
Nothing seems impossible, unreachable  
How strange it feels  
Moving in slow motion  
I guess I must be dreaming  
Now, is this real  
Or my imagination?  
I guess I must be dreaming  
Dreaming, dreaming, dreaming, dreaming?  
I guess I must be dreaming  
Dreaming, dreaming, dreaming, dreaming?  
I take a leap  
I should be scared, but I'm not

Travelling in the speed of light  
Planets are flashing by  
Like a shooting star I fly  
How strange it feels  
Moving in slow motion  
I guess I must be dreaming  
Now, is this real  
Or my imagination?  
I guess I must be dreaming  
Dreaming, dreaming, dreaming, dreaming?  
I guess I must be dreaming  
Dreaming, dreaming, dreaming, dreaming?  
This is just a dream  
This is just a dream  
How strange it feels  
Moving in slow motion  
I guess I must be dreaming

No, is this real  
Or my imagination?  
I guess I must be dreaming  
Dreaming, dreaming, dreaming, dreaming?  
I guess I must be dreaming  
Dreaming, dreaming, dreaming, dreaming?
