Go To Girl

Hayden Panettiere

first one to kiss me
now the last to know
that i'll be leaving in the morning
i can't believe it's you i'm letting go
and how this comes without a warning
i know it's not the same
if you could find a way to set me free
you'll still have me
i'll be your go to girl
the one that you can run to
anytime you'll ever need me i'll be there
yeah i'm your go to girl
the only one you know who
loves you like i do
your go to girl
i met somebody and i just can't lie
i feel so good it makes me crazy
i know this hurts you but you have to try
to understand it doesn't change me
whenever trouble comes
you'll never have to wonder what to do
i promise you
i'll be your go to girl
the one that you can run to

anytime you'll ever need me i'll be there
yeah i'm your go to girl
the only one you know who
loves you like i do
your go to girl
come on
hold on
you and me
are gonna be alright
hold on
come on
you're gonna see
you and me
are gonna be alright

i'll be your go to girl
i'll be your go to girl
i'll be your go to girl
the one that you can run to
anytime you'll ever need me i'll be there
yeah i'm your go to girl
the only one you know who
loves you like i do
your go to girl
you can always come to me
your go to girl
i'll be your go to girl
