And when she gone it's like he don't know what lick him
She get a island lover, fi kiss her up under cover
What Shaggy tell them

To kiss and caress her under cover
Island lover
To kiss and caress her under cover
Man have him woman from oh so long
She give him whole heap of loving and satisfaction
She never ever set eye upon a next man
Support you when you down and even held your hand
Well she is the mother of your child and the lady in your life
With the ring upon her finger represents that she is your wife
Why you want to mistreat her and torment her life
Like you really don't believe she leave you for another guy, she wants a
Island lover
To kiss and caress her under cover
Island lover
To kiss and caress her under cover
She cannot take it no more, she's got one foot through the door
Need some time by herself she feeling so insecure
She decide she's gonna venture on an island tour
Jamaica, island of the sunny outdoors
So she could walk along the beach and relax along the shore
With her sun baked skin but her heart was sore
Stumbled on an island lover with a coconut cure
Put a smile on her face and let her feelings pour, she wants a
Island lover
To kiss and caress her under cover

To kiss and caress her under cover, hey
Island lover
To kiss and caress her under cover

A joe grin with a funky dread locks
Hello, with that real low tone

And a raw Jamaican accent make her poor heart foam
